REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Independent Claims 1, 8 and 15 renumbered to claims 1, 7 and 13 among other things teach the limitation "encapsulating said active computing environment into a compute capsule, the compute capsule comprising a plurality of processes and their associated system environment, the encapsulating comprising partitioning an operating system so that host-dependant and personalized elements of the active computing environment are moved into the computer capsule while shared resources and a state necessary to manage them are excluded from the compute capsule; assigning system resources to said compute capsule, thereby collectively assigning said system resources to said plurality of processes, for managing resources for an active computing environment. Applicant's arguments further depict in Figure 13 where a single operating system is divided into parts for inclusion into and exclusion out of the capsule and instances, multiples or copies of the operating systems are put into the capsule.

The prior art does not teach the cited limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
